NEWS RELEASE NO. 89, 3 APRIL 2009

The Star is seen worldwide

For over 30 years author, lecturer and artist Benjamin Creme has been preparing the way for the emergence of Maitreya, the World Teacher.

On 12 December 2008 Share International distributed a news release announcing that in the very near future a large, bright Star would appear in the sky visible throughout the world, night and day. The Star heralds the imminent emergence of Maitreya, who will be giving His first interview on a major US television programme very soon. Since January 2009 hundreds of sightings of the Star have been

reported worldwide. Videos of the Star posted on YouTube are creating much debate and Share International is receiving more and more photographs showing the Star in a variety of stunning colours and shapes.

In his latest article, Benjamin Creme's Master reiterates the significance of the Star and seeks to stimulate public discussion about its meaning and purpose.

We display a selection of photographs of the Star from various countries. For colour photographs and eye-witness reports visit www.share-international.org.

The restoration of the world

“From almost every point of view the situation facing men everywhere grows daily more painful. The economic chaos resulting from years of unlicensed greed and heartless competition lays waste the honest toil and aspiration of countless millions. On the whole, the men of money go blithely on, their treasure intact, while men and women in every country face joblessness, poverty and fear. More accurate readings of climatic changes show men how close this planet is to irreversible calamity, and alarm bells sound loudly on many political fronts, raising to new levels the factor of stress.

How much more of this tension can humanity bear? For how long will men accept, mildly, their fate? Desperate men do desperate deeds and already in their minds, if not yet in their actions, many contemplate revolution.

Behind the scenes, Maitreya watches carefully these happenings, and gives succour wherever the Law allows. He waits, patiently, for the build-up of response to the sign of His Emergence, the “star-like luminary of brilliant power” on which many now gaze in wonder and even love.

What is desired is some measure of public debate about the significance or meaning of the Star, thus signifying the emergence of Maitreya, the World Teacher. The greater and more public the discussion, the greater does it prepare the way for Maitreya's entry. Soon there will be no gansaying. Very soon, Venus will

move beyond the sight of men and so leave the platform of the heavens open to the Star. Then there will be no doubt that the Star is there for all to see.

If sufficient discussion can be fostered on the various media and internet, it will not be long until men see and hear Maitreya speak. He will not be so called, that men can judge His ideas rather than His status.

As the economic crisis deepens, a singular reaction is appearing in many countries: alongside the fear, bravado and growing despair is a new understanding of the reasons for the crash — the greed and competitive spirit at the centre of our systems and, therefore, the need for sharing. Of themselves, many are awakening to this basic truth and see sharing as the answer to injustice and war. Thus are many ready for Maitreya's Call. This realization will grow as the crisis bites deeper and deeper into the shaky fabric of the outworn forms and structures that no longer work, can never be made to work for long.

When Maitreya speaks, He will show that this is so, that the world is ready for the adoption of new and better forms, based on the true needs of the peoples everywhere. His is the task to focus and strengthen this growing realization of the oneness and unity of men, of their mutual dependence and awakening divinity. Thus will Maitreya and humanity work together for the restoration of this world.”

Share International — background information

For over 30 years artist, author, and lecturer Benjamin Creme has been preparing the way for the biggest event in history — the emergence of Maitreya the World Teacher and His group, the Masters of Wisdom. Millions of people around the world have heard his information and wait expectantly for this momentous event.

Since 19 July 1977 Maitreya has been living in the Asian community of London, gradually emerging before the public. Long awaited by all faiths under different names, Maitreya is the World Teacher for all people, religious or not.

Maitreya's 'roving ambassador' Benjamin Creme travels the world spreading his message of hope and creating a climate of expectancy for Maitreya's emergence. Trained and supervised over many years by his own Master, with whom he is in constant telepathic contact, Benjamin Creme has access to up-to-date information on Maitreya's emergence, giving him the total conviction needed to present this story to a sceptical world.

As a modern man concerned with today's problems, Maitreya works behind the scenes of our changing world. The outpouring of His extraordinary energy has been the stimulus for dramatic developments on many fronts: the ending of the cold war; the break-up of the Soviet Union; the unification of Germany; the ending of apartheid in South Africa; the growing power of the people's voice, leading to demands for freedom and justice; and the worldwide focus on preserving the environment.

Outwardly Maitreya has met with influential leaders from all fields, informing them of His solutions to our pressing problems. His message can be summarized as: "Share and save the world." He has not come to found a new religion but as

an educator in the broadest sense. He will seek to inspire humanity to see itself as one family, and to create a civilization based on sharing, economic and social justice, and global co-operation.

For those who seek signs of His coming, Maitreya has manifested

m i r a c l e s worldwide, touching the hearts of millions and preparing them for His imminent appearance.

With Maitreya and His group working openly in the world, offering Their guidance and teachings, humanity is assured not only of survival but of the creation of a brilliant new civilization.

According to Benjamin Creme, we do not have long to wait to see Him. Soon, Maitreya will be interviewed on major US television and His open emergence will begin.

Benjamin Creme regularly lectures worldwide, and appears on television and radio — in the USA alone he has been interviewed on more than 700 radio and television shows. He is author of 13 books — translated into 11 languages — and is editor of *Share International* magazine which circulates in 70 countries. He receives no payment for any of this work. Benjamin Creme offers a positive view of the future — a message of hope for the world.
